After the unexpected death of his father, Charlie returns to the struggling factory and finds it's up to him to figure out a way to keep the business alive. Enter Lola, a fabulous drag queen, who gives Charlie the idea to create ladies' shoes for men. Soon, the factory is turning out "kinky boots" under the supervision of Charlie and Lola, but can this harebrained scheme actually work? And can these two extremely different men find a common ground and become real friends?
